

SENATOR STONE IS DEAD

(Continued from Page 1)
the Missouri State University and was graduated. Years later the university conferred upon him the degree of L.L. D. Young Stone's law studies were under the preceptorship of his brother-in-law, Colonel Taylor, and he was admitted to the bar in 1869. For a few months he practiced law in Bedford, Ind., then returned to Missouri and in 1870 opened an office in Nevada, in partnership with Judge C. R. Scott. This partnership lasted several years. Subsequently he was associated in practice with Judge D. P. Stratton and Greenville S. Ross.

Senator Stone first held public office in Vernon County, being elected prosecutor in 1872 and serving for two years. In 1876 he was a presidential elector on the Tilden and Hendricks ticket. But it was not until 1884 that Stone put his foot on the first rung of the ladder which leads up from court house politics. In that year he was the Democratic nominee for national representative from what was then the Twelfth Congressional district, comprising what now constitutes virtually two districts in Southwestern Missouri. He served his district in the Forty-ninth, Fiftieth and Fifty-first congresses (1884-1890) and won in those years some distinction as a debater, but his record in Congress was not eventful.

1890 he announced he would not stand for re-election to Congress, but would ask his party for the gubernatorial nomination in 1892, and the nomination came to him at the end of an all-night session of a state convention. Stone was elected governor by a plurality of thirty thousand. His opponent was the late Senator Warner. At the expiration of his term Mr. Stone resumed the practice of law in St. Louis.

For six years Mr. Stone was out of public office, but not out of politics. He was a member of the Democratic national committee, 1896-1904, serving as vice-chairman for the last four years. In January, 1903, he was elected to the United States Senate to succeed Sen. George G. Vest; was re-elected in 1909, and again in 1914 for the term expiring March 3, 1921. It was as chairman of the Senate committee on foreign relations that Senator Stone became most widely known throughout the Nation. The chairmanship came to him by "inheritance" in 1914, when Senator Bacon of Georgia, who had been at the head of the committee, with Senator Stone as the next ranking member, died. Senator Stone married, in 1847, Miss Sarah Louise Winston, daughter of Col. W. K. Winston of Cole County, Missouri. He is survived by Mrs. Stone and their three children, Judge Kimbrough Stone of Kansas City, judge of the United States Circuit Court of Appeals, and two daughters, Mrs. John G. Parkinson, wife of a St. Joseph, Mo., attorney, and Miss Mabel Stone, who lived with her parents in Washington.

Mrs. W. H. Worley of Odessa, Rev. and Mrs. W. F. Baker, Sr., Mr. and Mrs. W. F. Baker, Jr., of Higginsville, attended the funeral of Mrs. T. M. Cobb, Wednesday.

Miss Florence Young went to Kansas City yesterday for a few days' visit.

Miss Mary Malone of Sedalia, is a guest of Miss Theresa Wilson.

Mrs. George Stewart of Winton, spent Wednesday with her sister, Miss Maggie Spears.

Mrs. N. B. Payne and daughter, Miss Lucy May, returned Friday evening from a visit in Kansas City.

Mrs. R. L. Brinkerhoff and daughters, Golda and Sylvia, went to Kansas City this morning for a visit.

WENTWORTH 62; POLYTECHNIC 39

Cadets Run Rings Around The Technic Lads.

Wentworth Military Academy defeated the Polytechnic Institute of Kansas City here Saturday in a track meet by the magnificent score of 62 to 39. The cadets lead all the way and won nine firsts, including the most thrilling race of the day, the relay.

Gibbons of Wentworth, starred in the meet by winning the three dashes in easy fashion. Harrison of the Poly won thirteen points, but only one first. Byler of Wentworth and Austin of the Nics came second in scoring, each winning ten points.

This meet was the first held on the Wentworth track for several years.

W. M. A. 5; Dental College 9.

The Western Dental College was too much for the cadet nine Friday and defeated them by the score of 9 to 5. The game was late in starting owing to the parade in which the cadet battalion participated.

Lexington, Mo., April 12, 1918. Editor Intelligencer,

Sir:—
Permit me to compliment the committee that was instrumental in getting up the Bond parade. If we show the same enthusiasm in subscribing for bonds, we are sure to go over the top.

The committee on parade had such a short time to make its wishes known that the miners were handicapped and unable to make a better showing, and I am authorized to state that it was not through lack of sympathy or patriotism that our numbers were so few; but, instead, it was a lack of time to get our forces together, otherwise we would have mustered a thousand strong.

We want to appear just what we are, loyal to the core—and don't forget that miners make first class fighting men and the many volunteers bear witness to our patriotism.

Yours truly,
HARRY BLEE.

T. C. Sawyer went to Independence Friday on business.

BOND DRIVE YIELDS \$14,100

Women Visit Resident Districts With Surprising Results.

The drive made by the women of Lexington last week through the resident districts for the sale of Third Liberty Loan Bonds resulted in the grand total of \$14,100. This is a magnificent showing and proves again that many men are playing but a minor part in war activities, in comparison with the accomplishments of the women.

Prepare For First Spray.

The first summer spray should be applied in apple orchards after the cluster buds separate but before the blooms appear, says T. J. Talbert of the University of Missouri College of Agriculture.

Use for this first spray commercial lime sulphur at the rate of 1½ gallons to 50 gallons of water plus 2 pounds of arsenate of lead paste or 1 pound of the powdered arsenate of lead. Bordeaux (3-4-50) may also be used with the arsenate of lead.

This is a very important spray for the control of the canker worm, plant lice, curculio and apple scab disease. In orchards where these insects and apple scab are severe, good marketable fruit cannot be obtained if this spray is omitted.

Spray, therefore, just before the apple trees bloom, again as soon as the blooms fall, and in ten days or two weeks make the third spray. For best results at least one more application is needed about three or four weeks after the third spray. A new spray calendar, which gives spraying information, has been issued recently. A copy will be mailed upon request to the College of Agriculture, Columbia, Mo.

Mrs. John Mavel went to Concordia Tuesday evening for a few days' visit.

Mrs. Oscar Graendorf and Miss Addie Neet spent Tuesday in Kansas City.

Mrs. Gus Hellbeck of Pueblo, Colorado, arrived Tuesday evening for a visit with her mother, Mrs. George Guenther.

Mrs. Gus Swanson, who was called here by the illness of her husband, returned Wednesday to her home in Mystic, Iowa.

Your Grocer will deliver

Bevo
A BEVERAGE

You've enjoyed it at restaurants and other places—now you want your family and your guests to join you in the same pleasure. That's one of the joys of serving Bevo—to hear your guests say how good it is—then to listen to their arguments as to just what it is. If they haven't seen the bottle they'll all agree that it is something else—if they have seen the bottle each will have a different explanation for its goodness.

Bevo is nutritive—pure through pasteurization and sterilization—non-intoxicating, wholesome and thoroughly refreshing. Note—Bevo should be served cold.

Bevo—the all-year-'round soft drink

Get Bevo at stores, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, steamships, and other places where refreshing beverages are sold. Guard against substitutes—have the bottle opened in front of you.

Bevo is sold in bottles only—and is bottled exclusively by

ANHEUSER-BUSCH—ST. LOUIS

Bevo Served at all
Drug Stores, Soft Drink Stands,
Hotels and Cafes

Why Buy Liberty Bonds?

By DARWIN P. KINGSLEY
President, New York Life Insurance Co.

WHY do you save to build a home? It is usually cheaper to pay rent.

Why do you plan to give your children a good education? Will you get any money-dividends from that?

Why do you pay fire insurance premiums and life insurance premiums? You personally will get little if anything from that.

Why do you call the doctor quickly if the children are ailing? You don't stop to think whether you can afford it. Do you?

None of these expenditures are what we call good investments. They don't pay in money, yet all pay the finest of dividends.

Liberty Bonds represent the home, the school, the children; they represent all the great deeds of our fathers and grandfathers; they represent Bunker Hill and Yorktown and Gettysburg; they represent the blessed freedom under which we all live and they also represent the ORDER that makes freedom blessed.

They represent the boys "over there," they represent devastated Belgium and homeless Serbia and murdered Armenia;

They are the defense that shall keep from our shores the monster criminals who outraged the women of Belgium and Northern France and made the men slaves;

They represent the strength that shall restore Belgium and rebuild France and avenge Serbia;

They are the voice of those who are too young or too old or too weak to fight; they are the sword of the women and the cannon of the children; they are the voice of a free people calling to cruelly wronged, freedom-loving men and bringing them succor

Buy them? Of course you will buy them. You'll borrow to buy them.

You don't need to be urged. You would be ashamed to go home to your children if you did not buy them.

The rate of interest is important but not of first importance. They would pay, they would appeal to you, if they bore no interest whatever.

Add to the rate of interest the dividends they pay in self interest, in safety, in public order, in liberty and law and you have a larger return than you receive from any other thing that you own.

They will never become "scraps of paper."
They are the best secured investment in the world.

You Stand Behind Them You Should Buy Them
